## **THUS FAR THE LORD HAS HELPED US**

- 1. Complete Hymn Book: “Harfa Bisericilor Penticostale” updated with music score for church orchestras.**
- 2. Trompetului Christian Pentecostal Church - New Church in Bucharest Romania**
- 3. New church building in Bucharest Romania.**

- 1. The Hymn book with music notes is now 90% completed and available for FREE downloads at [www.alevro.net](http://www.alevro.net)**

**“Harfa Bisericilor lui Dumnezeu” (hymn book with lyrics, but without musical scores) has been printed several times. The first edition was released in 1946 and the latest run occurred in 2007 by the Romanian Bible Society in Oradea, Romania. Alevro Inc. started to compile the musical scores to the songs intending to print a new hymn book titled “Harfa Bisericilor Penticostale.” Today 90% of the songs in this book include the musical scores and can be downloaded for free from [www.alevro.net](http://www.alevro.net).**

- 2. New Pentecostal Church in Bucharest, Romania**

**The NEW church is located at Str. Trompetului Nr. 125, in the Ferentari neighborhood of Bucharest. It is called Biserica Crestina Penticostala Trompetului (Trompetului Christian Pentecostal Church). The small prayer group that has been meeting weekly for Bible study, prayer, praise and worship since **2007** applied for affiliation and authorization according to Romanian Bylaw of Romanian Christian Pentecostal Cult. Its 25 founding members officially filled up the required papers to registered as a church with “Cultul Crestin Penticostal din Romania” (Romanian Christian Pentecostal Cult) on **November 2011**.**

**The new church is led by ordained Presbiter Constantin Posirca. He is assisted by Marian Vasile Danut and Ovidiu Bercea, both graduates of Pentecostal Theological Seminary in Bucharest. The Superintendent of Bucharest’s Pentecostal Union, Pastor Emil Mestereaga is supporting the new church by guiding the work related to its official incorporation and organization.**

**Note: as of the date of this report the new Church did not receive the answer to her written application request and authorization from the Romanian Christian Pentecostal Cult.**

**We are thankful to our loyal brothers and sisters who faithfully supported us in prayer, financial aid and with volunteer work in the Name of our Lord Jesus Christ.**

### **3. New Church Building Construction Update**

**During the summer of 2011 the work to build the new sanctuary for the church continued concurrently with the effort to incorporate the church according to Romanian laws.**

**Glory to God for providing what was needed to purchase construction materials and with qualified workers and volunteers to work on the Church Building. Real progress has been made and is now clearly visible.**

**Construction update as of november 2011:**

- **Energy efficient windows and doors have been installed**
- **Exterior finishing and thermal isolation as required by European rules for energy efficiency has been completed**
- **Plumbing, electrical and natural gas installations have been completed**
- **The entrance hall and another room in the back of the building were finished, and are now used by the new church as the temporary sanctuary**
- **The gas furnace was installed in the new building and all heating elements added in the finished areas of the building**
- **One toilets and one bathroom are finished and working properly.**

**Ion Peana is the administrator for ALEVRO Inc. and the person responsible for all Alevro undertakings. He worked as volunteer this past summer on the church premises, supervising, organizing and contributing manual labor as needed.**

**As in previous years, we saved money on labor costs and any related expenses for most of the construction operations except for licensed professionals such as plumbers and electricians. Many faithful brothers and sisters worked as volunteers and donated their free time, especially their Saturdays. We benefited from the help of experienced, retired construction professionals and were even fortunate enough to be granted the use of various construction tools, such as scaffoldig, at no cost to us.**

**All expenses for the construction project, documentation, and such related fees have been paid by Peana family. All taxes, utilities, the cost of construction materials and all work completed as of now, have been paid by donations. The new church is debt free.**

**With God's help, we want to start the next phase in the spring of 2012 in order to finish the main sanctuary. Our goals are**

- 1. The demolition of the remaining old house. Some old walls from the house are still in the way of finishing the main sanctuary.**
- 2. Finish the interior of the sanctuary –**
  - **Drywall installation, isolation, drop ceiling, painting**
  - **Floor**
  - **Light fixtures**

- 3. Installation for heating the sanctuary**
- 4. Purchase and install furniture such as pews, altary, etc.**
- 5. Replacing the existing property fence with one built from bricks recovered from demolition of old house**
- 6. Construction of other church rooms in the attic (mansarde) for pastor's office, administration, and rooms for children, teenagers and young people activities.**

**Your help is needed to complete this church so we can evangelize this poor and neglected neighborhood. We want to see the Gospel reach these people, perform songs to the Glory of God and most importantly, the Word of God preached in this church.**

**Your contribution is tax deductible.**

**Please send your check with the enclosed address slip so we can mail you the receipt for your donation.**

**GRACE AND PEACE BE YOURS IN ABUNDANCE**
